I am writing to apply for the Social Media Intern position at SpotOn Solutions. The idea of helping a recruitment brand that connects construction professionals across international markets sounds like a practical and interesting challenge.

What stands out to me is the emphasis on real ownership from day one. I have always preferred environments where ideas matter more than hierarchy, and where building something visible from the ground up is the actual goal.

Through my own project work, I have created content for Instagram and LinkedIn, planned posts, and built simple visual assets using Canva. I understand how to make content that people actually stop to read, not just scroll past.

In addition to my technical experience, I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I have attached my CV for your review and would be happy to discuss how I can contribute to SpotOn Solutions.

Best regards, Md Shahanur Islam Shagor

Sincerely,

Md Shahanur Islam Shagor
