I am writing to apply for the Staff Car Driver position at The Kashmir Monitor. Having followed the organization's coverage of regional development and infrastructure, I understand the importance of reliable transportation in supporting news operations across Jammu and Kashmir.

With practical experience in vehicle operation and route navigation, I bring a strong sense of responsibility and punctuality to driving roles. I am familiar with the geographic terrain of the Kashmir valley and surrounding areas, and I prioritize safety and timeliness in every trip.

In addition to my driving capabilities, I have technical skills in GPS navigation and route optimization systems. This combination allows me to plan efficient routes, adapt to changing road conditions, and ensure timely arrivals even in challenging environments.

I communicate clearly and work well within teams, supporting operational needs without requiring constant supervision. I am fluent in Bengali and English, with working knowledge of Hindi and Urdu, which helps me interact comfortably with diverse passengers and colleagues.

I have attached my CV for your review. I would welcome the opportunity to discuss how my reliability and driving experience can support The Kashmir Monitor's transportation needs.

Sincerely,

Md Shahanur Islam Shagor
