I am writing to apply for the Asistente administrativa position at Syntepro S.A de C.V. I understand the role requires strong organizational skills, expense control, reporting, and ticket tracking, along with good communication and availability for a 6-month remote project.

Through my work as a software engineer, I have developed a disciplined approach to managing tasks, tracking progress, and maintaining clear documentation. I am comfortable working with Office tools and have experience generating reports and following up on action items across multiple projects.

I am available for the full duration of the 6-month project and can work the required Monday to Friday schedule from 7:00 am to 4:00 pm. I am proactive, quick to adapt to new processes, and value clear communication with team members.

In addition to my technical background, I work effectively across teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international environments.

I have attached my CV for your review and would welcome the opportunity to discuss how I can contribute to your team.
