I am writing to apply for the Kaufmˆnnischer Sachbearbeiter (m/w/d) Kita-Finanzen position at Dussmann KulturKindergarten in Berlin. Your focus on providing high-quality, culturally enriched childcare across Germany is meaningful, and I would welcome the opportunity to support your administrative team in managing financial operations efficiently.

Although my professional background is in software engineering, I bring strong analytical thinking, structured workflows, and a high level of accuracy to financial and administrative tasks. I am proficient in MS Office, particularly Excel, and have experience working with databases, reporting tools, and data validation processes that require careful attention to detail.

I am comfortable working independently and within small teams. I value clear communication, organized task management, and the ability to quickly learn new systems. I am confident I can apply my methodical approach to invoice processing, cash book reviews, and funding documentation.

In addition to my technical experience, I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I have attached my CV for your review and would welcome the opportunity to discuss how my skills can contribute to your team.

Thank you for your time and consideration.

Sincerely,

Md Shahanur Islam Shagor
