I am writing to apply for the Event Planning Assistant position at Professional Travel Planners LLC. Your focus on supporting event coordination, managing logistics, and ensuring smooth execution from start to finish aligns well with my background in organizing complex workflows and delivering results in remote settings.

Through my professional experience as a web developer, I have developed strong organizational and multitasking skills. I regularly coordinated project timelines, tracked tasks across multiple teams, and maintained detailed records to ensure nothing fell through the cracks. This required clear communication, attention to detail, and the ability to work independently while staying aligned with broader goals.

One area that particularly interests me is the opportunity to support event planning logistics and client communication. In my previous work, I was responsible for gathering requirements from clients, confirming details, and providing timely follow-ups to keep projects on track. I am comfortable using online tools and scheduling platforms to manage tasks efficiently in a fully remote environment.

In addition to my technical experience, I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I have attached my CV for your review and would welcome the opportunity to discuss how I can contribute to your team. Thank you for your time and consideration.

Sincerely,

Md Shahanur Islam Shagor
