I am writing to apply for the Assistente de Atendimento ao Cliente position at Stone. The opportunity to work within the Vitta health and insurance vertical, part of a Nasdaq-listed group focused on transforming healthcare in Brazil, is something I find genuinely compelling.

My professional background has consistently involved direct communication, problem resolution, and cross-functional collaboration. In my previous roles as a web developer, I worked closely with clients and internal teams to understand needs, track requests, and deliver solutions within defined timelines. This experience taught me how to listen carefully, communicate clearly, and follow through until issues are fully resolved.

One area that particularly interests me is the emphasis on customer experience and team collaboration at Stone and Vitta. I value working in environments where clarity, responsibility, and continuous improvement are part of daily practice. I am comfortable handling multiple communication channels and staying organized under pressure.

In addition to my technical experience, I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I have attached my CV for your review and would welcome the opportunity to discuss how I can contribute to the Vitta team. Thank you for your time and consideration.

Sincerely,

Md Shahanur Islam Shagor
