I am writing to apply for the Asesor call center Remoto lima o provincia position at Shalom. The role requires strong communication skills, computer proficiency, and the ability to handle customer inquiries effectively, which aligns well with my background.

Through my professional experience as a web developer, I have developed strong computer literacy and problem-solving abilities. I am comfortable working with various software tools and can quickly adapt to new systems. My work has required clear and patient communication with clients and team members to understand requirements and deliver solutions.

I have experience managing multiple tasks simultaneously and maintaining a professional and courteous approach when addressing questions or concerns. I am accustomed to working remotely with a reliable setup and am available to work flexible schedules, including weekends and rotating shifts.

In addition to my technical skills, I communicate effectively across teams and with customers. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international environments.

I have attached my CV for your review and would welcome the opportunity to discuss how I can contribute to the Shalom team.

Sincerely,

Md Shahanur Islam Shagor
