I am writing to apply for the Social Media & Community Manager:in role at Your Proven Impact Agency GmbH. Your work at the intersection of creator management, coaching, and content development is exactly the kind of environment where I can contribute meaningfully.

Although my professional background is in software engineering, I bring strong communication skills, a disciplined work ethic, and fluency in German. I understand the importance of daily content creation, community interaction, and trend monitoring for building a visible brand. I am comfortable working independently and managing multiple tasks reliably.

In addition to my technical experience, I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I have attached my CV for your review. Thank you for considering my application.

Sincerely,

Md Shahanur Islam Shagor
