I am writing to apply for the Merchandising Representative position at Celsius Holdings, Inc. The energy and ambition behind the Celsius, Alani Nu, and Rockstar brands are clear, and I would welcome the opportunity to represent them in the Orlando market as a brand ambassador.

While my professional background is in software engineering, I have developed strong organizational discipline, problem-solving skills, and the ability to communicate clearly with both internal teams and external contacts. These skills translate directly to the responsibilities of planning merchandising initiatives, managing account relationships, and maintaining detailed reporting.

I am a self-starter who works well independently and stays motivated in field-based roles. I understand the importance of consistent store visits, accurate reporting, and proactive communication with territory managers. I am comfortable making 15-20 account calls per day, managing shelf and cooler merchandising, and submitting weekly work logs and mileage reports.

In addition to my technical experience, I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I have a valid U.S. driver’s license, a reliable personal vehicle, and I am based in the Orlando area. I am ready to contribute to the Celsius team with enthusiasm and a strong work ethic. My CV is attached for your review.

Sincerely,

Md Shahanur Islam Shagor
