I am writing to apply for the Dishwasher position at Pˆ…r & Simple. I understand the role requires on-site work in Dieppe, and I am ready to commit to the responsibilities of maintaining a clean and organized kitchen environment.

While my professional background is in software engineering, I am a hard worker and a quick learner who adapts easily to new environments. I am comfortable following instructions carefully, working efficiently under supervision, and maintaining high standards of cleanliness and hygiene.

I am reliable, punctual, and physically capable of handling the demands of kitchen work. I communicate clearly in English and work well as part of a team. I am ready to start immediately and contribute to the smooth operation of your kitchen.

I’ve attached my CV for your review. Thank you for considering my application.

Sincerely,
