I am writing to apply for the Assistenz in der Personalabteilung position at Dr. Meindl u. Partner Verrechnungsstelle GmbH. Your company's long-standing reputation in healthcare billing and commitment to a supportive, family-oriented work environment is something I find genuinely appealing.

Although my professional background is in software engineering, I have developed strong organizational and administrative capabilities through managing complex projects, coordinating with multiple stakeholders, and maintaining detailed documentation. I am accustomed to working in structured, process-driven environments where accuracy and reliability matter.

In my previous roles, I was responsible for preparing technical documentation, maintaining records, and ensuring that information was organized and accessible. I supported team onboarding processes, communicated clearly with colleagues across departments, and handled administrative tasks with discretion and attention to detail. These experiences have prepared me well for supporting your HR team with applicant management, personnel file preparation, and employee onboarding.

I work effectively across teams and communicate clearly with both technical and non-technical colleagues. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I have attached my CV for your review and would welcome the opportunity to discuss how I can contribute to your team.

Sincerely,

Md Shahanur Islam Shagor
