I am writing to express my interest in the Expansionsmanager und Grˆ…ndercoach im Franchising position at ENERDOMO Franchisezentrale. ENERDOMO’s position as the first franchise company in the building energy consulting market in Germany is impressive, and I am drawn to the opportunity to support new franchise partners in building their own successful businesses.

Although my professional background is in software engineering, I have developed strong skills in using modern digital tools to create efficient workflows and enable clear communication. My experience working closely with cross-functional teams in sales, marketing, and operations has given me a practical understanding of how to guide partners through structured processes from planning to launch.

In my previous roles, I have been responsible for onboarding and supporting stakeholders through complex technical and operational phases. This has required patience, clear communication, and the ability to motivate and coach individuals toward successful outcomes. I am confident these skills translate directly to supporting new franchise partners on their journey to opening their own ENERDOMO office.

In addition to my technical experience, I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I have attached my CV for your review and welcome the opportunity to discuss how my background in coaching, digital tool proficiency, and structured project delivery can contribute to ENERDOMO’s continued growth.

Thank you for your time and consideration.

Sincerely,

Md Shahanur Islam Shagor
