I am writing to apply for the Junior Front End Developer position at PULSEMEDIA. Your focus on building responsive, user-friendly digital experiences for healthcare and wellness brands is exactly the kind of work I want to grow into. I have been following PulseMedia's work and appreciate the combination of strategy, creativity, and technology in your approach.

My front-end development experience centers on HTML5, CSS3, JavaScript, React, Next.js, and TypeScript. I have built responsive, mobile-first interfaces using Tailwind CSS and Bootstrap, converting UI/UX designs into clean, maintainable code. I also work with Figma for design collaboration and Git for version control. Performance optimization, cross-browser compatibility, and SEO-friendly development are part of my regular workflow.

In my professional experience as a Web Developer, I built and maintained full-stack applications using Laravel and Next.js. I developed RESTful APIs, implemented authentication and role-based access, and deployed applications on Linux servers with Nginx and Docker. I also worked on real-time features using WebSockets and integrated third-party services like payment gateways and cloud storage.

One project that reflects my front-end skills is the Travel Agency App, a full-stack platform built with Next.js, TypeScript, Tailwind CSS, and Google Maps. I created the UI from scratch, ensured responsive performance across devices, and supported multiple languages and currencies. The project required close collaboration with designers and stakeholders to deliver a polished, user-friendly experience.

In addition to my technical experience, I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I have attached my CV for your review. Thank you for considering my application.

Best regards, Md Shahanur Islam Shagor

Sincerely,

Md Shahanur Islam Shagor
