I am writing to apply for the Proposal Manager position at LinkedIn. Your platform's mission to create economic opportunity for professionals worldwide is something I find genuinely impactful, and I would welcome the chance to contribute to the global Deal Desk team.

My professional experience has centered on owning complex deliverables from start to finish, coordinating with subject matter experts, and producing polished written content under tight deadlines. I have worked in SaaS environments where clear communication, attention to detail, and the ability to quickly grasp technical concepts were essential to success.

In previous roles, I managed end-to-end proposal development for web-based solutions, including strategy, writing, editing, and delivery. I built strong relationships with cross-functional teams to gather requirements and ensure accuracy, and I consistently delivered high-quality work while managing multiple concurrent projects across different time zones.

In addition to my technical experience, I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I have attached my CV for your review and would welcome the opportunity to discuss how my background aligns with the needs of your team.
