I am writing to apply for the Junior Coach position at Erschaffe dich neu. Your company's track record of over a decade in the personal development space and its ambitious vision for global growth stand out to me. I am drawn to the high-performance, results-driven culture you have built.

Although my professional background is in software engineering, I have developed strong communication and relationship-building skills through years of client-facing project work. I am comfortable engaging with people, building trust, and managing structured follow-ups. I am also highly organized and experienced in maintaining clear documentation and tracking progress using digital tools.

I work well in remote, autonomous environments and am used to taking ownership of my responsibilities. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international teams.

I am confident that my structured approach, communication skills, and ability to work independently would allow me to contribute effectively to your team. I have attached my CV for your review.

Thank you for your time and consideration.

Sincerely,

Md Shahanur Islam Shagor
