I am writing to apply for the Prˆ…fungsassistent fˆ…r Wirtschaftsprˆ…fung position at Nickel GmbH. Your firm’s focus on digitalization and modern working environments, combined with your commitment to quality and professional development, makes this an appealing opportunity.

Through my work as a software engineer, I have developed strong analytical thinking and numerical aptitude. Building complex systems requires precise data handling, pattern recognition, and rigorous quality assurance processes. These skills transfer directly to audit work, where accuracy and attention to detail are essential.

In my professional experience, I have worked extensively with databases, reporting tools, and documentation systems. I am comfortable analyzing large datasets, identifying anomalies, and ensuring data integrity. My IT proficiency extends to office programs and advanced software tools, which aligns with your need for someone who can contribute to new audit and documentation tools.

In addition to my technical experience, I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I have attached my CV for your review and would welcome the opportunity to discuss how my analytical skills and IT expertise could contribute to your team.

Best regards, Md Shahanur Islam Shagor

Sincerely,

Md Shahanur Islam Shagor
