I am writing to apply for the Freelance Introducer role with Bonkk. The opportunity to help businesses discover CourierHubb's same-day delivery services through direct outreach and relationship building aligns well with my communication skills and independent work style.

What stands out to me about this role is the straightforward mission: contact businesses, share a referral link, and earn commission when they book deliveries. I am comfortable speaking with a wide range of businesses, from estate agents and law firms to local retailers and medical clinics. I can clearly explain how CourierHubb saves them time and money, and guide them through the sign-up process.

I am a self-motivated individual who works effectively without supervision. I am confident on the phone, friendly in my approach, and target-driven. I understand that building passive income requires consistent effort and relationship management, and I am prepared to invest the time needed to achieve results.

In addition to my outreach capabilities, I communicate clearly with people from different backgrounds. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international environments.

I have attached my CV for your review and look forward to the possibility of joining the CourierHubb team.

Sincerely,

Md Shahanur Islam Shagor
