I am writing to apply for the Freelance Introducer position with CourierHubb at Bonkk. The opportunity to help businesses across the UK discover a reliable same-day delivery service and earn ongoing commission is something I find genuinely interesting.

I work well independently and am comfortable reaching out to businesses by phone. I am a clear communicator who can explain services in a straightforward way and help people understand how they can benefit. I am also self-motivated and target-driven, which fits well with a commission-based role.

In previous work, I have regularly communicated with clients and stakeholders to understand their needs and guide them toward practical solutions. I am confident I can apply the same approach to introducing CourierHubb to local businesses and helping them sign up.

In addition to my communication skills, I work effectively across teams and with people from different backgrounds. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international environments.

I have attached my CV for your review and would welcome the chance to discuss how I can contribute to the CourierHubb team.

Sincerely,

Md Shahanur Islam Shagor
