I am writing to apply for the Administrative Coordinator position at UppalCorp. Your focus on commodities sourcing, trade, and management consulting, combined with a commitment to growth and collaboration, aligns with my own approach to structured and reliable support work.

In my previous roles as a web developer, I regularly coordinated with stakeholders, managed project timelines, organized documentation, and ensured smooth communication between technical and non-technical teams. These experiences have given me strong organizational habits, attention to detail, and the ability to prioritize multiple tasks under deadlines.

I am comfortable working independently in a remote setting and have experience using collaboration tools and office software to maintain efficient workflows. I also bring strong professional judgment and discretion when handling sensitive information.

In addition to my technical experience, I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I am willing to travel occasionally for business meetings and events as required. I have attached my CV for your review and welcome the opportunity to discuss how I can support the UppalCorp team.

Thank you for your time and consideration.

Sincerely,

Md Shahanur Islam Shagor
