I am writing to apply for the Customer Support Advocate position at Tithe.ly. Your focus on delivering a great customer experience in a remote environment aligns with my own approach to clear, solution-oriented communication.

In my previous work as a web developer, I regularly collaborated with stakeholders to understand their requirements, troubleshoot issues, and ensure smooth product delivery. This experience taught me to listen carefully, explain technical concepts in plain language, and follow through until problems are fully resolved.

I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I have attached my CV for your review. Thank you for considering my application.

Sincerely,

Md Shahanur Islam Shagor
Full-Stack Developer & AI Engineer
