I am writing to apply for the Operations Manager Sportevents position at TF Wettkampfservices GmbH. Your focus on professional timekeeping, event technology, and competition organization is impressive, and I appreciate the emphasis on building structures and driving things forward in a growing company.

While my background is primarily technical, I have developed strong operational and organizational skills through my work as a Web Developer. In that role, I supported business operations, managed client communication, and helped improve workflows. These experiences have given me a practical understanding of how to keep daily operations running smoothly while also contributing to growth.

One area that particularly interests me is the opportunity to support your online presence and social media channels. I have hands-on experience building and maintaining websites, which includes understanding how content, design, and user experience work together. I can contribute to keeping your online platforms up to date and effective.

In addition to my technical experience, I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I have attached my CV for your review. I would welcome the opportunity to discuss how I can support your team in this role.

Best regards, Md Shahanur Islam Shagor

Sincerely,

Md Shahanur Islam Shagor
