I am writing to apply for the Executive Assistant position at AWISEE. I understand this role requires someone who is highly organized, proactive, and capable of managing multiple responsibilities in a remote setting.

In my previous work as a web developer, I regularly coordinated with cross-functional teams, managed project timelines, and communicated clearly with both technical and non-technical stakeholders. These experiences have given me strong organizational and prioritization skills that transfer well to an executive support role.

I am comfortable working independently in remote environments and have experience handling multiple tasks simultaneously while maintaining attention to detail. I approach work with a problem-solving mindset and take initiative to keep operations running smoothly.

In addition to my professional experience, I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I have attached my CV for your review. Thank you for considering my application.

Sincerely,

Md Shahanur Islam Shagor
