I am writing to apply for the Operations Staff position at Blue Dart. The role requires a dependable team player with strong organizational commitment and practical computer skills, which align well with my background.

Through my professional experience as a web developer, I have developed a disciplined approach to task management, documentation, and coordination. Working across remote and onsite teams has strengthened my ability to follow processes, meet deadlines, and communicate clearly with colleagues and stakeholders.

I am fluent in Bengali and English, with working knowledge of Hindi and Russian. This allows me to communicate effectively with diverse teams and local communities, which I understand is important for this role.

I have attached my CV for your review. I would welcome the opportunity to discuss how I can contribute to the Blue Dart team.

Sincerely,

Md Shahanur Islam Shagor
