I am writing to apply for the FT PT Nanny position at Jovie. Your focus on meaningful connections, joyful moments, and supporting families in the Los Gatos community resonates with me. I value reliability, clear communication, and creating a positive environment for children.

While my professional background is in software engineering, I have always enjoyed spending time with children and helping them learn and grow. I am comfortable assisting with homework up to 5th-grade Math and English, and I enjoy planning creative activities like arts and crafts, reading, and outdoor play. I understand the importance of being a dependable and engaging presence in a child's day.

I meet the key requirements for this role: I am at least 18 years old, have a valid driver's license and reliable transportation, and am available at least three days per week between 7am and 7pm. I am committed to clear communication with parents and coworkers, and I take reliability seriously.

In addition to my childcare experience, I work effectively with people from diverse backgrounds. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in team-oriented environments.

I would welcome the opportunity to discuss how I can contribute to the Jovie team. I have attached my CV for your review and look forward to hearing from you.

Sincerely,

Md Shahanur Islam Shagor
