I am writing to apply for the Asesor de Ventas Movistar â Teleoperador Prepago position at Netcall Group. I understand this role focuses on outbound sales calls, promoting Movistar prepaid services, and meeting commercial targets in a fully remote setup.

While my background is in software engineering, I am a disciplined remote worker who values structure, clear communication, and results. I am comfortable working the fixed Monday to Saturday schedule and have my own laptop and stable internet connection.

I am a quick learner and approach new processes methodically. I am ready to complete the 12-day paid training, learn your sales protocols, and start contributing to the team's goals immediately.

In addition to my technical background, I work effectively in structured environments and communicate clearly with both team members and clients. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural settings.

I am ready to bring my work ethic, reliability, and commitment to quality to the Netcall Group team. I have attached my CV for your review and look forward to the opportunity to discuss how I can contribute.

Sincerely,

Md Shahanur Islam Shagor
