I am writing to apply for the Patient Intake Specialist position at Aveanna Healthcare. Your mission to revolutionize homecare delivery resonates with me, and I appreciate the structured, patient-focused approach this role requires.

Although my professional background is in software engineering, I have developed strong organizational habits, attention to detail, and the ability to manage complex workflows independently. These skills translate directly to the intake process, where accuracy, documentation, and coordination are essential.

I am comfortable working in a fully remote environment, maintaining a dedicated workspace, and communicating professionally with patients, caregivers, and internal teams. I understand the importance of HIPAA-compliant documentation and am committed to handling sensitive information with care.

In addition to my technical experience, I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I have attached my CV for your review. Thank you for considering my application.

Best regards, Md Shahanur Islam Shagor

Sincerely,

Md Shahanur Islam Shagor
