I am writing to apply for the Kaufmˆnnischer Mitarbeiter - Buchhaltung & Administration position at Trettmann Sportgerˆte GmbH. Your company's focus on building innovative home fitness products and your small, motivated team culture caught my attention. I appreciate your motto "Hire for Attitude â Train for Skills" and the emphasis on finding people who are motivated, curious, and have an eye for the bigger picture.

Although my professional background is in software engineering, I have developed strong organizational and analytical skills that are directly transferable to this role. Through my work as a web developer, I have managed complex projects, coordinated with multiple stakeholders, and maintained structured workflows. I am comfortable working with digital tools and can quickly learn new software and processes.

One area that particularly interests me is the administrative and organizational side of operations. In my previous roles, I have been responsible for maintaining documentation, managing schedules, and ensuring smooth communication between team members. I am a structured and reliable person who takes ownership of tasks and follows through until completion.

In addition to my technical experience, I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I am attracted to the 100% remote and flexible working model you offer, and I am confident that my self-discipline and organizational skills would allow me to thrive in this setup. I have attached my CV for your review and would welcome the opportunity to discuss how I can contribute to Trettmann Sportgerˆte GmbH.

Sincerely,

Md Shahanur Islam Shagor
