I am writing to apply for the Studio Coordinator position at Rockhunter. While my background is primarily in software engineering, I bring strong organizational skills, remote collaboration experience, and a track record of managing complex workflows across distributed teams.

In my recent work as a full-stack developer, I coordinated project timelines, communicated with stakeholders, and ensured deliverables were completed on schedule. I am accustomed to managing multiple moving parts simultaneously and maintaining clarity in fast-moving environments.

I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments. I communicate clearly with both technical and non-technical team members.

I have attached my CV for your review. I would welcome the opportunity to discuss how I can support Rockhunter’s studio operations.

Thank you for your time and consideration.

Sincerely,

Md Shahanur Islam Shagor
Full-Stack Developer & AI Engineer
