I am writing to express my interest in the Regional Managing Director Canada position at Little Caesars Pizza. While my professional background is rooted in software engineering and AI systems, I bring a strong track record of cross-functional leadership, international collaboration, and strategic execution that aligns with the executive responsibilities of this role.

In my previous work as a Web Developer at Explo-IT and DataSoft LTD, I led end-to-end delivery of complex web applications, coordinated with stakeholders across multiple teams, and ensured alignment between technical execution and business objectives. I built scalable systems, managed deployment pipelines, and consistently delivered results within defined timelines. This experience taught me how to drive performance through clear direction, disciplined execution, and effective team coordination.

One area that particularly interests me is the opportunity to serve as a strategic partner to franchisees and drive market performance across the region. Through my work on international projects, I have developed strong communication skills and the ability to work effectively across diverse cultural contexts. I am fluent in Bengali and English, with working knowledge of Russian and Hindi, which enables me to build trust and communicate clearly with stakeholders from different backgrounds.

In addition to my technical experience, I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments. I am comfortable with extensive travel and have the documentation required for international business travel.

I have attached my CV for your review and would welcome the opportunity to discuss how my background in cross-functional leadership, international collaboration, and strategic execution can contribute to Little Caesars' continued growth in Canada.

Sincerely,

Md Shahanur Islam Shagor
