I am writing to apply for the Influencer Marketing Manager (m/w/d) - YouTube position at Adspace. Your focus on data-driven creator partnerships and the US market is impressive, and I am interested in contributing to your team's growth.

Although my professional background is in software engineering, I have developed strong project coordination and client management skills through years of delivering technical projects. I am experienced in planning workflows, managing timelines and budgets, and ensuring deliverables are met on schedule. I communicate clearly with both technical and non-technical stakeholders.

In my previous roles, I acted as a primary point of contact for clients and internal teams, coordinating across departments to ensure successful project outcomes. I am comfortable with structured, independent work and take a solution-oriented approach to challenges.

In addition to my technical experience, I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I have attached my CV for your review. Thank you for considering my application.

Sincerely,

Md Shahanur Islam Shagor
