I am writing to express my interest in the Executive Assistant position at Cyara. Your work as the global leader in AI-powered customer experience assurance is impressive, and the role of supporting the CEO during this growth stage is compelling.

My professional background is in software engineering, where I have developed strong organizational and coordination skills. Managing complex, cross-functional technical projects has taught me how to track multiple priorities, ensure follow-through on commitments, and communicate clearly across teams.

In previous work, I have coordinated with stakeholders, managed project timelines, and prepared documentation and reports to support informed decision-making. I am proactive, detail-oriented, and comfortable working in distributed environments.

In addition to my technical experience, I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I have attached my CV for your review. Thank you for considering my application.

Sincerely,

Md Shahanur Islam Shagor
