I am writing to apply for the Investor Relations Manager position at Stiftung Fairchance. Your mission to improve educational opportunities for children through the MITsprache program is meaningful and impactful, and I would welcome the opportunity to contribute to your work in Berlin.

Although my professional background is in software engineering, I bring a strong digital skillset and a service-oriented approach that aligns well with the responsibilities of this role. I am highly comfortable working with digital tools, CRM systems, and contact management platforms, and I adapt quickly to new technologies and workflows. I also have experience preparing structured reports, coordinating with internal teams, and maintaining clear communication with external partners.

In my previous professional experience as a Web Developer, I worked closely with stakeholders and engineering teams to align project goals, manage timelines, and deliver consistent updates. I prepared documentation, coordinated content with team members, and ensured that communication remained reliable and transparent throughout the project lifecycle. These experiences have given me a practical understanding of relationship management and partner communication.

One area that particularly interests me is the proactive reporting and impact communication aspect of this role. I am comfortable translating complex information into clear, accessible updates and working collaboratively with program teams to ensure content is accurate and aligned with organizational goals. I also enjoy identifying opportunities to strengthen existing relationships and support long-term engagement.

In addition to my technical and organizational experience, I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments. I have attached my CV for your review and would be glad to discuss how I can support Stiftung Fairchance in building lasting relationships with your funding partners.

Sincerely,

Md Shahanur Islam Shagor
