I am writing to apply for the Merchandising Representative position at CELSIUS. I understand this role requires a true brand ambassador who can plan merchandising initiatives, build relationships with store managers, and ensure Celsius products are well-represented across grocery, convenience, and health club channels.

While my background is in software engineering, I bring strong organizational skills, a self-starter mindset, and the ability to communicate effectively with diverse stakeholders. I am comfortable working independently in the field, managing schedules, and maintaining detailed records. I am also experienced with mobile applications and digital reporting tools.

I hold a valid U.S. driver's license and have a clean driving record. I am available to work the required Wednesday through Sunday schedule and am based in the Boston area.

In addition to my professional experience, I work well in team environments and communicate clearly with both internal teams and external contacts. I am fluent in Bengali and English and enjoy collaborating in diverse settings.

I have attached my CV for your review and look forward to the opportunity to contribute to the Celsius team.

Sincerely,

Md Shahanur Islam Shagor
