I am writing to apply for the Executive Assistant position at Somewhere. I understand the importance of reliable support, clear communication, and efficient task management in a remote work environment.

In my previous roles as a web developer, I regularly coordinated with stakeholders, managed project timelines, and ensured smooth communication between technical and non-technical team members. These experiences have given me a strong foundation in organization, follow-through, and attention to detail.

I am comfortable working independently, handling multiple priorities, and maintaining clear documentation. I am fluent in Bengali and English, with working knowledge of Russian and Hindi, which supports effective communication across diverse teams.

I have attached my CV for your review. Thank you for considering my application.

Sincerely,

Md Shahanur Islam Shagor
