I am writing to apply for the High-Ticket Financial Sales Specialist & Team Lead Track position at FSE LLC. Your focus on elite capital solutions for high-growth businesses and a pure meritocracy-driven culture is exactly the kind of environment where I perform best.

Although my professional background is in software engineering, I have spent years managing end-to-end product delivery, communicating with stakeholders, and driving projects from concept to completion. This has built a strong foundation in disciplined execution, clear communication, and the ability to influence decisions through data and results.

I am comfortable working remotely, managing my own pipeline, and maintaining high energy in a performance-driven setting. I view rejection as data and adjust my approach quickly to improve outcomes. I am also prepared to take on leadership responsibilities and help scale a team once I have proven my ability to consistently deliver.

In addition to my technical experience, I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I have attached my CV for your review. Thank you for considering my application.

Sincerely,

Md Shahanur Islam Shagor
