I am writing to apply for the Asistente Ejecutivo/a y de Operaciones position at our common home. Your mission to strengthen social cohesion and protect natural heritage through long-term environmental solutions resonates with me. I appreciate the focus on collaboration, transparency, and community-driven change.

Although my professional background is in software engineering, I have developed strong organizational and coordination skills through managing complex, multi-stakeholder projects. I am accustomed to maintaining detailed documentation, tracking action items from meetings, and ensuring that teams stay aligned and on schedule.

In previous work, I regularly prepared reports, managed calendars, coordinated logistics for team activities, and communicated clearly with both technical and non-technical stakeholders. I am comfortable with Google Workspace and digital tools for document management, scheduling, and process tracking.

I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I would welcome the opportunity to contribute to your team’s efficiency and impact. I have attached my CV for your review.

APPRECIABLE

Sincerely,

Md Shahanur Islam Shagor
