I am writing to apply for the Auxiliar Administrativo Remoto position at Empresa Confidencial. The opportunity to work remotely in a structured administrative role appeals to me, and I am confident in my ability to support your team effectively.

Through my professional experience as a web developer, I have developed strong organizational habits, attention to detail, and the ability to manage multiple tasks simultaneously. I am comfortable working with digital tools, organizing information, reviewing documents, and maintaining accurate records.

One area that particularly interests me is the administrative and financial control aspect of this role. In my previous work, I have handled project documentation, tracked progress, and coordinated with stakeholders to ensure smooth operations. These experiences have given me a practical understanding of how to support an administrator in routine activities and information management.

In addition to my technical experience, I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I have attached my CV for your review. I would welcome the opportunity to discuss how my skills and work ethic can contribute to your team.

Best regards, Md Shahanur Islam Shagor

Sincerely,
