I am writing to express my interest in the Steuerberater (m/w/d) position at Taxtalente.de for your partner firm in Rodenberg. I understand this role requires a qualified tax advisor with a completed Steuerberaterexamen, and while my professional background is in software engineering, I bring a strong orientation toward digital processes, careful analytical work, and cross-functional collaboration.

Through my work as a full-stack developer, I have built and maintained complex systems that require precision, data integrity, and secure handling of sensitive information. I am comfortable working with modern digital tools and am open to adopting new workflows and technologies quickly.

In addition to my technical experience, I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I have attached my CV for your review. I would welcome the opportunity to discuss how my skills and approach could contribute to your partner firm in Rodenberg.

Sincerely,

Md Shahanur Islam Shagor
Full-Stack Developer & AI Engineer
