I am writing to apply for the HR Generalist position at RainFocus. While my professional background is in software engineering, I have developed strong organizational, communication, and cross-functional collaboration skills that are directly relevant to this role.

Throughout my work as a Web Developer, I regularly coordinated with stakeholders, managed project timelines, and maintained clear documentation. These experiences have given me a practical understanding of how to support teams, resolve issues, and keep operations running smoothly.

One area that particularly interests me is working in international and multicultural environments. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and have collaborated with colleagues and clients across different countries. I value clear communication and adaptability.

In addition to my technical experience, I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I have attached my CV for your review. Thank you for considering my application.

Best regards, Md Shahanur Islam Shagor

Sincerely,

Md Shahanur Islam Shagor
