I am writing to apply for the Administrative Assistant position at Aramco. Your description of an organized, dependable, and people-focused professional who supports daily operations and creates a positive environment aligns with how I approach my work.

Through my experience as a Web Developer, I have developed strong organizational and time-management skills by coordinating project timelines, maintaining documentation, and communicating clearly with team members and stakeholders. I am comfortable managing multiple priorities and ensuring that details are handled accurately.

One area that particularly interests me is supporting teams behind the scenes. In my previous roles, I regularly prepared reports, organized files, and assisted with scheduling and data entry. I take pride in keeping systems running smoothly so that others can focus on their core responsibilities.

In addition to my technical background, I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I have attached my CV for your review. Thank you for considering my application.

Best regards, Md Shahanur Islam Shagor

Sincerely,

Md Shahanur Islam Shagor
