I am writing to apply for the Gestor de Cobros position at Tu Empleo RD. As a university student currently pursuing a Bachelor of Science in Software Engineering, I understand the importance of responsibility, clear communication, and teamwork in a remote work environment.

This role requires a dependable individual who can manage collections tasks with discipline and attention to detail. I bring strong organizational habits developed through balancing academic research and hands-on project work. I am comfortable working independently and following structured daily schedules.

In previous academic and project settings, I have consistently met deadlines, coordinated with team members across different time zones, and maintained clear documentation. These experiences have prepared me to handle the responsibilities of a collections role with professionalism and reliability.

In addition to my technical background, I work effectively across teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I am ready to contribute to your team and follow the Monday to Friday 8:00 a.m. to 6:00 p.m. remote schedule. My CV is attached for your review. Thank you for considering my application.

Sincerely,

Md Shahanur Islam Shagor
