I am writing to apply for the Office & HR Manager*in (m/w/d) position at Fritz Wellhˆ¶fer GmbH & Co. KG. Your description of a role that combines office organization with personnel management, serving as a central interface between leadership, employees, and external partners, aligns well with my professional approach.

Through my work as a software engineer, I have developed strong organizational and process management skills. I am experienced in structuring workflows, maintaining accurate documentation, and using digital tools to streamline administrative tasks. My technical background has taught me to approach problems methodically and to ensure that systems run reliably.

In previous roles, I have supported recruitment processes, coordinated with team members across different functions, and managed project timelines. I am comfortable handling contracts, maintaining records, and supporting the full employee lifecycle from onboarding to offboarding. I also have experience preparing reports and supporting management with data-driven insights.

In addition to my technical experience, I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I would welcome the opportunity to bring my organizational skills and structured working style to Fritz Wellhˆ¶fer GmbH & Co. KG. I have attached my CV for your review and look forward to hearing from you.

Sincerely,

Md Shahanur Islam Shagor
