I am writing to express my interest in the Steuerfachangestellter / Steuerfachwirt / Bilanzbuchhalter / Trainee Steuerberatung position at SBC Steuerberater Rechtsanwˆlte GbR. Your firm's emphasis on teamwork, professional development, and a supportive work culture is exactly the environment where I can grow and contribute effectively.

Although my professional background is in software engineering, I bring strong analytical and problem-solving abilities that are directly transferable to tax consulting. My experience building complex systems has taught me how to approach tasks methodically, maintain accuracy under pressure, and communicate clearly with stakeholders. These skills are essential for managing client accounts, preparing financial statements, and handling tax declarations with precision.

What stands out to me about SBC is your commitment to employee growth through mentorship and continuous learning. I am someone who thrives in structured environments where I can learn from experienced colleagues while taking ownership of my responsibilities. Your flexible work model and open culture align well with how I work best: reliably, independently when needed, and collaboratively as part of a team.

In addition to my technical experience, I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I am confident that my structured approach, adaptability, and willingness to learn make me a strong candidate for this trainee position. I have attached my CV for your review and look forward to the opportunity to discuss how I can contribute to your team.

Sincerely,

Md Shahanur Islam Shagor
