I am writing to express my interest in the Executive Assistant to the Founders position at Silhouette Group Inc. While my professional background is in software engineering, I have developed strong organizational, communication, and coordination skills that are well-suited to supporting executive leadership in a remote environment.

In my previous roles as a Web Developer, I worked closely with stakeholders to understand priorities, manage timelines, and ensure smooth delivery of projects. This required clear communication, attention to detail, and the ability to adapt quickly to changing needs. I am comfortable handling multiple responsibilities simultaneously and maintaining structure in a fast-moving setting.

One area that particularly interests me is the opportunity to work directly with founders in a fully remote capacity. I have experience working across time zones and coordinating with international teams, which has taught me to be proactive, reliable, and self-sufficient. I am used to taking ownership of tasks and ensuring that nothing falls through the cracks.

In addition to my technical experience, I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I have attached my CV for your review and would welcome the opportunity to discuss how I can support the founders and contribute to Silhouette Group Inc. Thank you for your time and consideration.

Sincerely,

Md Shahanur Islam Shagor
