I am writing to apply for the Executive Assistant role at Triwill Group. Your company's global presence across 39 countries and commitment to quality in the printing and packaging industry is impressive. I am interested in contributing to your team's operational efficiency.

While my professional background is in software engineering, I have developed strong organizational and communication skills through managing complex projects and coordinating with diverse stakeholders. I am accustomed to working independently in remote settings and handling multiple responsibilities simultaneously.

In my previous roles, I regularly managed schedules, coordinated team workflows, and maintained clear documentation for project tracking. These experiences have given me the discipline and attention to detail needed for executive support tasks such as calendar management, travel coordination, and expense reporting.

In addition to my technical experience, I work effectively across multidisciplinary teams and communicate clearly with both technical and non-technical stakeholders. I am fluent in Bengali and English, have working knowledge of Russian and Hindi, and enjoy collaborating in international and cross-cultural environments.

I have attached my CV for your review and would welcome the opportunity to discuss how my organizational skills and remote work experience align with the needs of your team.

Thank you for your time and consideration.

Sincerely,

Md Shahanur Islam Shagor
