I am writing to apply for the Account Executive (Full Cycle) role at ScholarshipOwl. Your mission to make education financing more accessible through AI-powered technology is genuinely interesting, and I appreciate the focus on connecting brands with the next generation of students.

Although my professional background is in software engineering, I have consistently worked in client-facing and stakeholder-driven environments. At Explo-IT, I collaborated directly with business teams to understand requirements, present technical solutions, and ensure successful delivery. This experience has given me strong communication skills, the ability to manage expectations, and a disciplined approach to follow-through.

I am comfortable with outbound communication and relationship building. I have experience presenting ideas clearly, managing multiple priorities, and taking ownership of processes from start to finish. I am also fluent in English and Bengali, with working knowledge of Russian and Hindi, which helps me communicate effectively across diverse teams and markets.

I am drawn to the high-ownership, results-oriented culture at ScholarshipOwl. I am confident I can contribute to your revenue growth by combining disciplined execution with a genuine interest in understanding customer needs.

I've attached my CV for your review. Thank you for considering my application.

Best regards, Md Shahanur Islam Shagor

Sincerely,
