I am writing to apply for the Vly Promoter:in position at VF Nutrition GmbH. Your mission to create healthy, plant-based milk alternatives that are better for both people and the planet is something I genuinely support. I have tried vly products and believe in what the brand stands for.

Although my professional background is in software engineering, I am naturally outgoing and enjoy direct interaction with people. I am comfortable approaching strangers, starting conversations, and sharing enthusiasm about products I believe in. I am also proactive and hands-on, which means I am ready to help with event setup, equipment handling, and takedown without needing to be asked.

I am available for events on weekends and flexible with different locations across Berlin. I speak English and Bengali fluently, and I have working knowledge of Russian and Hindi, which helps me connect with diverse audiences.

I am looking for a role where I can represent a brand I respect and contribute to its growth through direct community engagement. I would be happy to bring my energy and reliability to the vly team.

I have attached my CV for your review. Thank you for considering my application.

Sincerely,

Md Shahanur Islam Shagor
